

Public Notice
Proposed Issuance of a State Construction Permit to
Cargill Dry Corn Ingredients in Paris

Cargill Dry Corn Ingredients has applied to the Illinois Environmental Protection Agency (Illinois EPA) for a permit to modify its corn mill located at 616 South Jefferson Street in Paris. The modifications will include eleven new baghouses, a new flash dryer, and a new natural gas water heater. Emissions from this project will not exceed major modification levels so the project is not subject to the federal Prevention of Significant Deterioration (PSD) rules, 40 CFR 52.21. The Illinois EPA is accepting comments on the proposed permit.

Persons wanting more information may obtain copies of the draft permit, and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, State Construction Permits, New). These documents and the application can also be obtained from the Illinois EPA's offices at 2125 South First Street in Champaign, 217/278-5800 and 1340 North Ninth St., Springfield, 217/782-7027 (for either location please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

The Illinois EPA is accepting comments prior to making a final decision on this project. Comments must be postmarked by midnight December 2, 2002. If sufficient interest is expressed in the permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
